NATIONAL UNION NOMINATIONS.

For President,
ABRAHAM LINCOLN,
Of Illinois.

For Vice-President,
ANDREW JOHNSON,
Of Tennessee.

For Presidential Electors,

Glorious News.

The cheering dispatches which we publish this morning are of such a nature as will cause every loyal heart on this coast to swell with emotions of joy, while at the same time they strike terror to the souls of all Copperheads. By far the greatest battle of the season—a battle at the ballot box—has been fought, and the miserable apologists of treason, the so-called "Democrats" in Pennsylvania, Ohio and Indiana, have sustained a Waterloo defeat. The indignant masses in those States have spoken in language not to be mistaken, declaring that come peace or war, the Union shall be maintained intact and unbroken. The old "hunting grounds" of such reprobates as Cox, Long and Pendleton, of Ohio, have nobly redeemed themselves by electing Union men to Congress. These are the first guns of the coming contest—the signal of the great victory that awaits us. Their echoes will roll through the land and gladden the hearts of loyal men. They will reach the ears of our brave soldiers on the field of bloody strife and reanimate them for more deeds of valor. They will penetrate to the innermost recesses of every Copperhead den, a terrible warning of their impending doom. Their reverberations will not cease till they have echoed in every part of the civilized world. Traitors in arms will hear and tremble, and the enemies of republican liberty in every part of Christendom will stand amazed at the unconquerable spirit of a free people. Let the Union men on our own Pacific shores receive renewed courage by this glorious victory in the east, for never did "coming events cast their shadows before" more plainly than does this result indicate the election of Lincoln and Johnson. The three States wherein the elections have just been held were reckoned upon by the Copperheads more hopefully than upon any other States in the Union. If they cannot carry them, where are the States that they can carry? Pennsylvania is McClellan's native State, while Pendleton hails of Ohio. Both of these States have repudiated and disowned their unfaithful progeny, and will do so again in November. In all candor, we do not believe that McClellan will get a single vote in the electoral college; but nevertheless we of Oregon must perform our whole duty by securing for the Union candidates a majority that will place ours in the front rank of loyal States.

FROM CHINA.—We have dates from Hongkong to August 3d, and from Shanghae to July 31st:

"General Brown, the Commander-in-Chief of the British forces in China, has established a camp of military instruction for the Chinese under charge of Colonel Gordon, the Chinese authorities to pay all expenses.

The Canton Province is in a most distracted state; faction fights prevail to a fearful extent, the feud having become a war of extermination accompanied by the most revolting horrors. Numerous bands of marauders and various large bodies of insurgents defy the Government, and anarchy is fast becoming the order of the day.

The Taepings still hold Foo Chow and Nankin in the North, and were reported to have penetrated into the green tea districts of Kiang Si and to have taken two walled cities.

The French were acting in a very aggressive manner at Ningpo.

A typhoon swept over Shanghai on the night of July 13th, with great violence, and the following casualties were reported: The *Passing Cloud* from Hongkong for Saigon, dismasted; the *Taiping* from Shanghae for London, dismasted; the steamer *John T. Wright*, lost in the river Yangtse; the steamer *Whampoa*, from Shanghae for Ningpo, disabled and nearly lost; the British bark *Syrian*, from Nagasaki, driven on shore and gutted by wreckers; innumerable Chinese boats were lost, and a large amount of property destroyed and many Chinese lives lost.

The brig *Louisa*, of Singapore, was attacked off the coast of Haynan by a Chinese pirate junk, heavily armed and was captured. The captain and mate were killed, and only four persons were saved who jumped overboard."

TEARING DOWN THE PEACE PLATFORM.—The Copperheads say that Grant, Sherman and Sheridan are tearing down the peace platform, and that unless these "hirelings" quit their work there will be nothing left of the party or platform. The Copperheads are terribly demoralized, and lay the misfortune entirely to the interference of the military with elections. They ask for an armistice or the postponement of the election. Lincoln has some able stumpers down in Georgia and Virginia.—*Appeal.*

FROM THE CAPITAL.

[SPECIAL CORRESPONDENCE OF THE DAILY OREGONIAN.]

SALEM, Oct. 12.—It does not appear possible that the business now before this Legislature can be disposed of in the remaining week of the session, or that the necessary action can be had on the most important matters to be decided upon, and there is already considerable talk about the probability that a special session will be called.

It is very important that the compilation of the laws should be accomplished before the Legislature adjourns, so that a bound volume of the statutes may be published, containing all the laws now in force, and doing away with the numerous volumes of pamphlet laws that have been issued after each session of the Assembly. Such a consummation is much to be desired, and a session of two weeks will answer to accomplish all that now seems necessary, and there can scarce arise an occasion when an extra session will accomplish more good than now; and should the laws be merely more than part compiled [illegible]

[illegible]

Mr. [illegible] from [illegible] Committee reported [illegible] R. No. [illegible] relating to lands for railroad and [illegible] of the same. Bill to create a fund for an Asylum for the deaf, dumb, blind, idiotic and insane.

This bill was presented by Mr. Moores, the Speaker, and provides that one half of one mill shall be levied each year to create an Asylum fund, the proceeds of which tax shall be invested in stocks of the United States, with the accruing interest on said stocks, liable to be called in at one year's notice, to be used in the erection of an Asylum. This was read second time and referred to Committee of the Whole.

The House adjourned until 2 o'clock, P.M.

SENATE IN THE MORNING.

The Senate concurred in the House amendments to Senate bill number one, organizing Union County.

Mr. Hovey from the Judiciary Committee, reported that the committee did not deem it expedient to pass a law preventing the emigration of Negroes and Mulattoes into this State, and recommended that Senate bill number thirty-eight be indefinitely postponed, and it was so postponed by the Senate.

The Committee on Counties reported back S. B. No. 18, to district the State into Senatorial and Representative Districts, with amendments, and the bill was referred to the Committee of the Whole.

Mr. Eddy introduced a resolution prohibiting the presentation of bills after Monday next, save as to appropriations.

Mr. Caldwell introduced S. B. No. 52, A bill to amend an act to tax and protect Negroes, Chinamen and Mulattoes.

Mr. Hinsdale introduced S. B. No. 53, Relating to the Insane Asylum; providing for an inspecting Physician at $500 per annum.

Mr. Eddy introduced a bill allowing Clerks of School Districts per centage on collection of delinquent taxes.

The following bills were read the third time:

Bill to provide for amending State Constitution, which was referred to the Senate Judiciary Committee.

Bill relative to the office of District Attorneys, which was ordered to be engrossed and read the third time to-morrow.

Bill relating to the office of Justice of the Peace, was ordered engrossed and read the third time to-morrow.

Bill providing for building a road through Willamette Valley, &c., and that when 20 miles of road is completed the State shall levy a tax of one mill and loan the same to the Road Company.

Bill providing for location of Agricultural College, which was referred to the Committee on Education.

AFTERNOON.

H. B. relating to fees of officers in counties East of the Cascade Mountains, to raise them 50 per cent. was read the first time.

H. B. To appropriate money to pay warrants in hands of Hawthorn & Loryea was read the first time, and the rules being suspended was read the second time and referred to the Committee on Claims.

H. B. No. 27—To incorporate Dalles City and H. B. No. 3[illegible], To incorporate Albany, were read the second time.

H. B. No. 6[illegible]—Amending act relating to private corporations, was read the second time.

H. B. No. [illegible]—To prevent certain male stock from running at large, was read the third time and on the final passage was lost.

H. B. No. 9—Relating to census was read the third time and passed; requiring the county assessors to take the census every ten years, 1865 and thereafter.

H. B. No. 28—Donating certain lands to Oregon and Central Military Road Company, from Eugene city to Canyon city, was read the third time and passed.

The Senate then went into the Committee of the Whole, Mr. Hovey in the Chair, to consider the bill for raising salaries of Judges of the Supreme Courts.

Cornelius offered an amendment by which the salaries of Governor, Secretary of State and the remaining Justices shall be [illegible].

Mr. Mitchell hoped the amendment would not carry. He thought the other officers did not demand an increase, but three of the Judges have and two say they will resign. He was willing to compromise and reduce the proposed salaries some.

Mr. Eddy was in favor of the amendment on the same grounds as Mr. Cornelius.

Mr. Hinsdale thought modesty should receive its reward, as that was the only way he expected to succeed. He would vote for the amendment and the bill on its final passage.

Mr. Donnell said the Governor was not losing money in office, but the Judges were. They could not serve unless they at least got sufficient to pay their ordinary expenses.

Gen. [illegible] said, as a citizen of Oregon at the time the Constitution was adopted, he well knew that at that time [illegible]

BOILS.

WE READ THAT ONE OF the sorest afflictions that the patient Job was called upon to bear was that of boils, and they have been found to be, from that time to the present, the most troublesome and painful of visitors. We have known instances where individuals were sure to have these eruptions break out upon them once a month at least. They show an impure state of the blood, and that humor of some kind is lurking there, and the overplus of corruption is actually forced to the surface of the body, making its appearance in the form of Boils. Now, is it not best at once to purify the system? Do you ask what will do this? We answer, **Scovill's Blood and Liver Syrup.** It is curing humors in every form, and there is not a State in the Union where it has not accomplished the most astonishing cures.

An account of S. Ross, for hauling [illegible] compost, etc., amounting to [illegible] was referred to the committee on streets and public property.

An account of F. Deitschneider, for repairs to the Engine of Co. No. 2, $125 00, was referred to the committee on accounts and current expenses.

An account of J. H. Bagain, for repairs [illegible] shops, was referred to the committee on accounts and current expenses.

On motion of Councilman Gradon, the ordinance relating to the improvement of Third street was taken from the table and read a second time.

Councilman Hurgren moved to amend by striking out a portion of Sec. [illegible] and inserting a provision [illegible] the construction of crossings. The crossings of [illegible] are mostly but a single [illegible] and the amendment is calculated for the benefit of the city, and with a wide crossing [illegible] feet wide [illegible] that [illegible] may pass over them in safety, without being obliged to stop, and take one wheel over a time.

Councilman Cook thought it fully as essential to change the character of the crossings as it was to [illegible] the walks, and as the ordinance was drafted in response to a petition of the citizens, should support the amendment.

Councilman Gradon objected to the width of the crossings.

Councilman Hurgren supported his motion to the amendment, and showed the folly of the narrow restricted crossings, illustrating his objection by the introduction of "single file" example [illegible] there were unsuited to any city [illegible] The amendment was carried.

On motion the ordinance as amended was read a third time, and upon its final passage was adopted.

Councilman Gradon offered a resolution [illegible] the business of the city [illegible] Attorney, which was read and laid upon the table.

Councilman Hurgren offered a resolution relative to spreading compost, plowing and seeding the city plaza, which was referred to the committee on streets and public property.

A resolution to discontinue the hospital for contagious diseases was adopted.

Council Adjourned.

THE BEST JOKE OF THE SEASON.—There is real substantial comfort in a genuine joke, well perpetrated, and we know of no man in the city who can enjoy a joke of this kind better than friend [illegible] in the Auction and Commission business on Front street, even if he happens to be the party [illegible] Yesterday a very worthy person [illegible] entered the store in company with a couple of gentlemen, and [illegible] bought him a good customer. It was something [illegible] lines left the cheek of [illegible] but he [illegible] himself beat for once.

THE WEATHER.—[illegible] appeared again last evening in all its majestic splendor. [illegible] especially visible at midnight, and all who [illegible] went forth upon a promenade, soon after the [illegible] of the multitude had ceased [illegible] might have remained out for hours, [illegible] the broad expanse of nature's beautiful [illegible] for the [illegible] suggestion of our companion, who said the weather reminded him of one of [illegible] in South America. We naturally wished to [illegible] he said, "[illegible]" [illegible] for the office and immediately [illegible] will that excursion [illegible]

"A Slight Cold," Coughs.—Few are aware of the importance of checking a Cough or "slight cold" in its first stage. That which in the beginning would yield to a mild remedy, if neglected, soon attacks the lungs. *"Brown's Bronchial Troches"* give sure and almost immediate relief. *Military Officers and Soldiers should have them, as they can be carried in the pocket and taken as occasion requires.*

Dysentery.—For Dysentery and similar complaints of the Summer season, the PERUVIAN SYRUP has proved a remarkable preventive and cure. Extreme Legislation

EDITOR OREGONIAN:

I mean by the above heading the proposed act of our Legislature to change the time of residence of voters in a county from fifteen to ninety days. Fifteen days may be too short a time, but certainly ninety days will be as much too long. Our population is unsettled. Many change their homes every year. All those who have made the last of March and first of April [illegible] ing at the June election [illegible] will be excluded [illegible] an imported man [illegible] for the June election [illegible] cient to justify the change of law that will [illegible] each election exclude [illegible] days would as effectually [illegible] and at the same time [illegible] election. If a residence of [illegible] year in the State was required as a qualification instead of six months, it would be much better in view of the large number coming every year to this new State. Men residing in the State a year will be better informed as to the wants of the people and would therefore be more apt to [illegible] and such a law could work no great hardship in a State where the election is held [illegible]. But a ninety days residence in a county before voting will deprive many good citizens at every election of their votes. Again, such a law will look odd in the statutes of Oregon. Only six months are required to qualify in the State to entitle a man to vote, while one half of that time is required in a county. The rights of our citizens will be better protected by requiring a residence a year in the State and sixty days in a county to entitle a man to vote.

VOTER

A NEW LOAN PROPOSITION.—A Missouri soldier in General Sherman's army makes the following novel proposal through the columns of the St. Louis *Democrat*:

NEAR ATLANTA (Ga.), Aug. 16, 1864.—I submit to the veterans [illegible] a proposal for taking at least $10,000,000 of the new loan. What say you, comrades? Can't you give the additional proof of your patriotism and then back yourselves in an enviable position before the country, and before the army? Let us not lose this opportunity of [illegible] our devotion to our country [illegible] this hour of her need. We cover ourselves with glory and stimulate the rest of the army as well as our fellow-citizens at home to imitate our example by liberal subscriptions to the new loan. I propose that each veteran will lend the Government not less than $50. We can make no better investment. In return for our $50 or $100 in greenbacks, we will receive a bond for the same amount, bearing 7 3-10 per cent. interest, payable in three years, or at the option of the holder convertible into 5-20 bonds, payable in gold or six per cent.

VALLANDIGHAM.—A correspondent of the New York *Evening Post* writing from Chicago while the Copperhead National Convention was in session there, says:

Vallandigham is of course conspicuous. He made a speech yesterday, and reviewed Lincoln's policy with great severity. Some malicious person has put afloat a story that he has been sued here for an unpaid hotel bill of some $[illegible], which he is not able to pay. It is probably untrue. The story is told that Vallandigham sought an introduction to Dean Richmond, and proceeded at once to lay before him his claims for services and his past record. Richmond is never patient at a long story, especially where there is little said, and cut him off short with this remark: "Oh! d—n your record; no man needs a record more than a week old."

IODINE WATER.

IODINE WATER IS THE MOST IMPORTANT DIScovery of modern chemistry [illegible] [illegible] has been considered the most useful article in Materia Medica, and many of the most scientific and practical chemists and physicians have investigated its effects upon the human system. It is to act upon the

HEART,

LIVER, KIDNEYS,

DIGESTIVE ORGANS AND GLANDULAR SYSTEM,

and to have great control over

SCROFULOUS AFFECTIONS.

Notwithstanding the zeal and ability which have been devoted to its investigation, it remained a most useless [illegible] Dr. Henry Anders, a physician and chemist of New York, after years of patient labor and experiment, discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER,

without a solvent. This considered impossible by the scientific world, is attested by certificates of analysis from Dr. L. H. Chilton of this city, and Prof. Booth of [illegible] Philadelphia. The importance of this discovery was so highly appreciated by the Faculty that it was published in the Medical Journals and its use recommended to practitioners (see American Medical Monthly, July [illegible] 1860, page 76).

This valuable medicine being now available to the public for the cure of scrofula in all its manifold forms [illegible] Cancer, Heart, Liver and Kidney Diseases, Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, etc.

"CONSTITUTION WATER,"

THE ONLY REMEDY FOR DISEASES OF THE

BLADDER, KIDNEYS,

Gravel, Dropsical Swellings,

GENITAL DEBILITY, ETC.

THE ASTONISHING SUCCESS WHICH HAS ATtended this invaluable medicine renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the debilitated and shattered system. In fact it stands unrivalled as a remedy for the permanent cure for the maladies above mentioned, and also

DIABETES, IMPOTENCY,

LOSS OF MUSCULAR ENERGY,

PHYSICAL PROSTRATION,

INDIGESTION,

SEMINAL WEAKNESS,

GLEET, FLUOR ALBUS,

And in every disease any way connected with the disorder or decay of the PROCREATIVE FUNCTIONS. Persons about to marry, if conscious of any weakness, should take the

CONSTITUTION WATER.

Whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once rebraced, revived and built up. Well may this celebrated medicine be called the

MEDICAL WONDER.

The stooping, trembling victim of depression and debility becomes a new man. He stands erect, he moves with a firm step, his mind, which was previously sunk in gloom or in almost idiotic apathy, becomes bright and active, and he goes forth regenerated, conscious of new vigor. The medicine enriches the CONSTITUTION itself, and restores it to its usual condition.

IRRITATION OF THE NECK OF THE BLADDER,

INFLAMMATION OF THE KIDNEYS AND

CATARRH OF THE BLADDER,

STRANGUARY AND BURNING OR PAINFUL URINATING,

CALCULUS, GRAVEL,

BRICK DUST DEPOSIT AND MUCOUS OR MILKY DISCHARGES AFTER URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. Try it in these cases, and you will ever give praise.

Copperhead Tactics.

A few years ago, when the Democracy of the country could, with some degree of consistency, claim a little merit on the score of respectability, that party severely condemned the policy of electing men to office whose only claims upon the people were their military achievements. But times have changed, and in the meantime a new set of men have stolen the name of a once honorable political party and put forth new principles and new theories. We now find the so-called Democracy urging the claims of a man for President who has nothing in the world to recommend him to public confidence save his "prowess" as a military chieftain. In Mexico Geo. B. McClellan gained some little credit as a military engineer, but his fame never became remarkable for anything until the breaking out of the Southern rebellion. CINCINNATI, Jan. 8, 1861. Messrs. A. L. Scovill & Co.—Gents: I feel it a duty I owe to the [illegible] to let them know the value of your Dr. William Hall's Balsam for curing of Croup. My little girl, seven years old, had an attack of Croup, and came very near dying! I gave her Dr. Wm. Hall's Balsam, as directed, which gave relief in a very short time. BOILS.

AS A SPRING REMEDY, to purify and cleanse the Blood, leaving it free from all humors and impurities, we [illegible]

WE READ THAT ONE OF the sorest afflictions that the patient Job was called upon to bear was that of boils, and they have been found to be, from that time to the present, the most troublesome and painful of visitors. We have known instances where individuals were sure to have these eruptions break out upon them once a month at least. They show an impure state of the blood, and that humor of some kind is lurking there, and the overplus of corruption is actually forced to the surface of the body, making its appearance in the form of Boils. Now, is it not best at once to purify the system? Do you ask what will do it? We answer, Scovill's Blood and Liver Syrup. It is curing humors in every form, and there is not a State in the Union where it has not accomplished the most astonishing cures.

THE CHIEF ENGINEER.—The office of Chief Engineer of the Portland Fire Department cannot be said to be a very lucrative position, as might be inferred from the diminutive figures allowed in the quarter's salary reported at the Council meeting on Thursday evening, yet the position is one of onerous duties, and great responsibilities. The present incumbent—Mr. Joseph Buchtel—has been a most vigilant and untiring officer in that capacity, for the past year now about closing, and has done much to harmonise the Department, and bring it up to prompt and active service, and if his efforts have not been thoroughly appreciated by the citizens at large they most certainly have been by the firemen, and should he consent to a re-nomination they would elect him by an overwhelming majority. But we are informed that he is about to decline it, impossible for him to accept of the place again. This course will be based upon the fact that the salary is insufficient, which is correct. There is as much necessity for an active Chief Engineer as there is for the Fire Department itself, and there are few suited for the position, who are willing to assume its responsibilities, and attend strictly to the duties for the sum of $300 per annum. This city has so far been very fortunate, regarding losses by fire, but the past is no criterion for the future. The main portions of the city are becoming densely packed with wooden buildings. The limits are every day becoming less, the risks greater, and the chances for conflagrations more abundant, and our only protection, our only insurance, rests with the support of an effective Fire Department, which depends not a little upon who is their Chief. Now it seems to us that a more creditable salary should be given, for the benefit of the city, than to increase the compensation of the Chief Engineer to, say $1,000 per annum, then when a good officer is placed in that capacity by the firemen, whether it be Mr. Buchtel or "any other man," he will not feel called upon to decline a re-nomination in consequence of the sacrifice he has sustained in time of having, [illegible].

OWYHEE BULLION.—The steamer from the Cascades last evening brought the first important shipment of bullion from the Owyhee mining district in Idaho. The shipment consists of four silver bricks, valued at $1,200, the product of rock crushed by the Bader Mill, which was manufactured in this city. These bricks are in charge of Mr. B. M. DuRell, of the firm of B. M. DuRell & Co., of Boise City, and DuRell & Moore, of Ruby City, and are to be on exhibition at Wells, Fargo & Co.'s Express office, and at Tracy & King's Assay office to-day. Two of these bricks were taken from rock of the Morning Star lode, and two of them from the Alli[illegible] lode. They are about the dimensions of an ordinary building brick, and weigh about 150 ounces each. They will do for a commencement, and we are assured by Mr. D. the flow of bullion from that quarter will now be on the continual increase. There are three other mills now on the road, and [illegible] ready for work, and there is rock enough in sight of each mill to keep [illegible] busy for a year. The number of quartz lodes in the Owyhee district, now discovered and defined, is over three hundred, and very many of them are exceedingly rich.

COMMERCIAL.—Our markets for three weeks past have been more than usually brisk. The receipts of country produce daily arriving in this city by farmers' teams is immense. The prices paid have been higher than for any previous season in Oregon, for a number of years, if indeed they were ever so high. All kinds of country brands of flour have rated at advanced rates, but are now somewhat declining, the prices of yesterday averaging at about $5 25 per barrel. Wheat remains firm in demand at $1 30 to $1 35 per bushel. Oats 60 to 65 cents per bushel. But fall apples are worth 75 cents, winter do. $1 per bushel. The general products of the farm, such as eggs, butter, cheese, honey, bacon, hams, and lard, of that class, find ready sale at good prices. There has been considerable trade in potatoes, but prices have slightly diminished, and the activity in the article has dropped down to a more local nature, the prices running from 65 cents to $1 per bushel. There appears to be an infection in three varieties of fruit, viz: *Northern Spy*, *Virginia Greening* and [illegible] apples, that has a tendency to greatly diminish their worth in the market. It consists of a worm—to outside appearances the fruit may be [illegible] of first class order, but upon inspection it shows very often the opposite case. Farmers will do well to examine those varieties before starting to market with them, in the hope of realizing the best figures. The present indications point to the height and prosperity which awaits our agricultural [illegible].

OVERLAND STAGING.—Mr. B. M. DuRell, Agent of Ben. Holliday & Co.'s Overland Stages, at Boise City, Idaho, called upon us last evening, and states that the line is now making uninterrupted connections through from Walla Walla to Atchison, in 18 days schedule time. By arrangements with Geo. Thomas & Co. passengers are taken to Boise City from Walla Walla at $40. Thence to Atchison at $[illegible]. Each passenger is allowed 25 pounds of baggage, all over that amount $1 00 per pound.

PERSONAL.—We learn that Hon. J. L. McBride, and Hon. B. F. Harding are to leave soon for the National Capital, and contemplate going via the northern Overland Stage route, from Walla Walla. They will thus have an opportunity of witnessing the persevering industry [illegible] accomplished during two years past, on the desert plains of our State and sister Territories.

RELIGIOUS APPOINTMENTS.—To-morrow there will be divine service at 10 o'clock A. M., at the Baptist Church, by Rev. A. Myers. Arrangements have been made for the Lutherans and Baptists to worship conjointly for the present.

Rev. G. H. Schmidt, of the German Evangelical Association will officiate at the usual hour to-morrow morning, at the Court House. Preaching in the German language.

CHANGE OF VENUE.—The steamer *Wilson G. Hunt* yesterday brought the prisoner Geo. B. Porter, charged with the murder of Inglasbee, at Walla Walla, on a change of venue to Vancouver for trial. The officers in charge of him were assisted in every way they desired, in reminding him of his destination. Porter was well known in this community, at one time.

A FANTASTIC EXCURSION.—A little bit of a "set-to" occurred between a couple of individuals on First street, near the Bank Exchange, yesterday afternoon. The parties were arrested and booked up for examination to-day. Things are only being up on the streets of this city in case of dog fights.

GALE ON THE COLUMBIA.—Steamboat men inform us that there was a heavy gale of wind prevailing on the Columbia river yesterday afternoon, and the Monticello telegraph operator says it blew so hard at that section that it would have been impossible, but for the report of the gale had the steamship Sierra Nevada been passing the mouth of the Columbia.

RETURNING FROM THE FIELD.—A detachment of cavalry, under command of Capt. Drake, numbering some ninety men, with about 80 horses and the equipments, returned to Fort Vancouver yesterday, by the O. S. N. Company's steamer. They have been doing service in the vicinity of Canyon City.

NEW ADVERTISEMENTS.—The following new advertisements appear in the proper place this morning and they will command attention:

Geer & Page, a very extensive auctioneers, [illegible] Multnomah Jockey Club meeting; D. F. Harrington, 10,000 bushels apples wanted; J. D. Miller, Canemah steamer notice.

REJOICING.—Our citizens gave vent to their feelings last evening in the discharge of numerous large kegs of powder, by the Washington Artillery, from the plaza, in honor of the recent union victories in the East.

THE SPEAKING.—Willamette Theatre was crowded last evening, on the occasion of the meeting of the Lincoln and Johnson Club. The speeches were characteristic of the occasion, full of the right spirit, and evinced a determination on the part of Union men to keep the ball rolling in Oregon.

THERE was no report of the steamship Sierra Nevada up to 12 o'clock last night.

THE ELECTIONS AND OUR PRESIDENTIAL ELECTIONS.—The Richmond *Enquirer* of August 3d, thus refers to our Presidential election:

"It is singular to remark, that these States have felt such a profound interest in that Oregon election [illegible] influence [illegible] but are exercising no [illegible] control or power in deciding the [illegible] Yankee Presidential [illegible] manner. If Grant is [illegible] and Appomattox, while Sherman is [illegible] Atlanta, on the other hand, we [illegible] Gen. Early [illegible] for the Democratic [illegible] and Gen. Early, it is said, has gone over to stump the States of Maryland and Pennsylvania for the Peace Party. A [illegible] that Hunter, had [illegible] Early on the stump, but it is feared he will back out of them, and there is probably nothing to prevent our eloquent advocate of peace from sweeping those States."

WE STATE [illegible] when we say that after having tried all the principal sewing machines, we must accord to that of Grover and Baker the pre-eminence. Those indispensable features of sewing—strength, uniformity, and elasticity—all of which are brought out in this incomparable invention, make it the first sewing machine in the country.—*New York Christian Advocate and Journal.*

Also, [illegible] the lurking malaria of the *poison* that produces Fever and Ague and its kindred diseases. A sallow complexion, capricious appetite, and occasional pain in the side, are often the only symptoms to warn of impending danger. The operation of Dr. Osgood's India Cholagogue is to counteract this malignant influence, by producing activity of the biliary organs, and a healthy discharge of bile from the system.

Guard against imitation. Be sure that you obtain *Dr. Osgood's India Cholagogue*, if you are safe. Sold everywhere. Sole Agents for the Pacific Coast,

"A Slight Cold," Coughs.—Few are aware of the importance of checking a Cough or "SLIGHT COLD" in its first stage; that which in the beginning would yield to a mild remedy, if neglected, soon attacks the lungs. "*Brown's Bronchial Troches*" give sure and almost immediate relief. *Military Officers and Soldiers should have them, as they can be carried in the pocket and taken as occasion requires.*

Robinson & Co., San Francisco, Agents for the Pacific Coast.

Dysentery.—For Dysentery and similar complaints of the Summer season, the PERUVIAN SYRUP has proved a remarkable preventive and cure. By imparting tone to the intestinal mucous membrane, it places this surface in the best possible condition to resist the irritation of crude and indigestible articles of food.

Peace.—Save on our own terms we can accept no peace whatever, and must fight till doom['s] day rather than yield an iota of them; and our terms are:

Recognition by the enemy of the independence of the Confederate States.

Withdrawal of the Yankee forces from every foot of Confederate ground, including Kentucky and Missouri.

Withdrawal of the Yankee soldiers from Maryland until the State shall be free to vote whether she shall remain in the old Union or ask admission into the Confederacy.

Consent on the part of the Federal Government to give up to the Confederacy its proportion of the navy as it stood at the time of secession, or to pay for the same.

Yielding up of all pretension on the part of the Federal Government to that portion of the old Territories which lies west of the Confederate States.

An equitable settlement on the basis of our absolute independence and equal rights of all accounts of the public debt and public lands and the advantages accruing from foreign treaties.

These provisions, we apprehend, comprise the minimum of what we must require before we lay down our arms. That is to say, the North must yield all—we, nothing. The whole pretension of that country to prevent by force the separation of the States must be abandoned, which will be equivalent to an avowal that our enemies were wrong from the first, and of course as they waged a causeless and wicked war upon us, they ought in strict justice to be required according to usage in such cases to reimburse to us the whole of our expenses and losses in the course of that war. Whether this last proviso is to be insisted on or not, certain we are that we cannot have any peace at all until we shall be in position not only to demand and exact, but also to enforce and collect, treasure for our own reimbursement out of the wealthy cities in the enemy's country. In other words, unless we can destroy or scatter their armies and break up their Government we can have no peace; and if we can do that then we ought not to exact from them our own full terms and ample acknowledgment of their wrong, but also a handsome indemnity for the trouble and expense caused us by their crime.—*Richmond Enquirer, Oct. 16 1863.*

About the Capture of Mobile.—A New York paper gives the following suggestion of the benefit General Sherman would derive from the capture of Mobile:

At present the cavalry expeditions sent out by him are exposed to great danger on their return. They can dash out of camp and do their work of destruction, but the enemy know they must presently return, and he lies in wait for them as they march back, wearied and with worn out horses, and does serious damage to them. It was in this way that General Stoneman was recently captured and McCook suffered severe loss. Now, if we open the Alabama river and its affluents by the capture of Mobile, it will be easy to establish a post upon one of these rivers, to which the cavalry expeditions of Sherman can ride there to refresh themselves and prepare for a ride back to their headquarters. Rousseau, Stoneman and McCook would not then need to return when their work was done. They would ride straight ahead and the enemy wait in vain for them upon the road.

Rather be Hung than go with the Rebels.—We hear that during the late visit of the rebels to Hagerstown (Md.) they proceeded to the County Jail and released therefrom Park Cramer, who was confined there for deliberately shooting Victor Wright during a quarrel between the parties about a woman kept by the latter. When the rebels left Hagerstown they took Cramer with them, but on reaching Williamsport he deserted them and returned to Hagerstown, where he presented himself at the jail to the county Sheriff, and asked to be recommitted, asserting that he would "be d—d if he would go with such a set of infernal cut throats." Cramer was accordingly assigned to his old quarters, and in November will be tried upon the charge of murder.—*Washington Star.*

Louis McMurray & Co., Baltimore.

THE ATTENTION OF THE TRADE IS PARTICULARLY requested to the above fine brand of Oysters. Messrs. McMurray & Co. claim to be the only firm that still adheres to the plan of putting the Oyster in its raw state, by hand, thus preserving intact its native flavor, and flavor. The superiority of this method over the one in general use of steaming the Oysters in bulk, in order to open them, whereby the natural liquor is lost and the manufactured one has to be substituted in its place, and recommends itself to all who have given it a fair trial.

The undersigned are receiving fresh invoices by each arrival of clippers from New York, which they offer to the trade on favorable terms.

200 BALES PULU, EX BARK CAMBRIDGE, For sale by ALLEN & LEWIS.

Portland, Oct. 14, 1864.

From the army hospital—the bloody battle field—the mansion of the rich and humble abode of the poor—from the office and the sacred desk—from the mountain top, distant valleys and far-off islands of the ocean—from every nook and corner of the civilized world—is pouring in the evidence of the astonishing effects of DRAKE'S PLANTATION BITTERS. Thousands upon thousands of letters like the following may be seen at our office.

Rensselaer, Wis., Sept. 16, 1863.

* * * I have been in the army hospital for fourteen months—speechless and nearly dead. At Alton, Ill., they gave me a bottle of Plantation Bitters. * * * Three bottles restored my speech and cured me. C. A. FLAUTZ.

South Warsaw, O., July 28, 1863.

* * * One young man who had been sick and not out of the house for two years with Scrofula and Erysipelas, [illegible] over $100 without benefit, has been cured by ten bottles of your Bitters.

EDWARD WOUNALL.

The following is from the manager of the Union Home School for the Children of Volunteers:

Havemeyer Mansion, Fifty-Seventh Street, New York, August 2, 1864.

"Dr. Drake: Your wonderful Plantation Bitters have been given to some of our little children suffering from weakness and weak lungs with most happy effect. One little girl in particular, with pains in her head, loss of appetite and daily wasting consumption, on whom all medical skill had been exhausted, has been entirely restored. We commenced with a teaspoonful of Bitters a day. Her appetite and strength rapidly increased, and she is now well. * * * Respectfully, MRS. O. M. DEVOE."

* * * I owe much to you, for I verily believe the Plantation Bitters have saved my life.

REV. W. H. WAGGONER, Madrid, N. Y.

* * * Thou wilt send me two bottles more of thy Plantation Bitters. My wife has been greatly benefited by their use.

Thy friend, ASA CURRIN, Philadelphia, Pa.

* * * I have been a great sufferer from dyspepsia, and had to abandon preaching. * * * The Plantation Bitters have cured me.

REV. J. S. CATHORN, Rochester, N. Y.

* * * Send us twenty-four dozen more of your Plantation Bitters, the popularity of which are daily increasing with the guests of our house.

SYKES, CHADWICK & CO.,

Proprietors Willard's Hotel, Washington, D. C.

* * * I have given the Plantation Bitters to hundreds of our disabled soldiers with the most astonishing effect. G. W. D. ANDREWS,

Superintendent Soldiers' Home, Cincinnati, O.

* * * The Plantation Bitters have cured me of liver complaint, of which I was laid up prostrate and had to abandon my business. H. B. KINGSLEY, Cleveland, O.

* * * The Plantation Bitters have cured me of a derangement of the kidneys and urinary organs that has distressed me for years. It acts like a charm.

C. C. MOORE, 254 Broadway, N. Y.

etc. etc. etc. etc.

The Plantation Bitters make the weak strong, the languid brilliant, and are exhausted nature's great restorer. They are composed of the celebrated Calisaya Bark, Wintergreen, Sassafras, Roots, Herbs, &c., all preserved in perfectly pure St. Croix Rum.

S. T.—1860.—X.

Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, &c., deserve to suffer if they will not try them.

They are recommended by the highest medical authorities, and are warranted to produce an immediate beneficial effect. They are exceedingly agreeable, perfectly pure and harmless.

Notice.—Any person pretending to sell Plantation Bitters in bulk or by the gallon is a swindler and impostor. It is put up only in our patent log cabin bottle. Beware of bottles refilled with imitation deleterious stuff, for which several persons are already in prison. See that every bottle has our private United States Stamp over the cork unmutilated, and signature on steel plate side label.

Sold by respectable dealers throughout the habitable globe.

"CONSTITUTION WATER,"

THE ONLY REMEDY FOR DISEASES OF THE

BLADDER, KIDNEYS,

Gravel, Dropsical Swellings,

GENITAL DEBILITY, ETC.;

THE ASTONISHING SUCCESS WHICH HAS ATtended this invaluable medicine renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the debilitated and shattered system. In fact, it stands unrivalled as a remedy for the permanent cure of the maladies above mentioned, and also

DIABETES, IMPOTENCY,
LOSS OF MUSCULAR ENERGY,
PHYSICAL PROSTRATION,
INDIGESTION,
SEMINAL WEAKNESS,
GLEET, FLUOR ALBUS,

And in every disease in any way connected with the disorder or decay of the Procreative Functions. Persons about to marry, if conscious of any weakness, should take the

CONSTITUTION WATER.

Whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once braced, revivified and built up. Well may this celebrated medicine be called the

MEDICAL WONDER.

The stooping, trembling victim of depression and debility becomes a new man. He stands erect, he moves with a firm step; his mind, which was previously sunk in gloom, of an almost idiotic apathy, becomes bright and active; and he goes forth regenerated, conscious of new vigor. The medicine reaches the CONSTITUTION itself, and restores it to its normal condition.

IRRITATION OF THE NECK OF THE BLADDER,
INFLAMMATION OF THE KIDNEYS AND
CATARRH OF THE BLADDER,
STRANGURY AND BURNING OR PAINFUL
URINATING,
CALCULUS, GRAVEL,
BRICK DUST DEPOSIT AND MUCOUS
OR MILKY DISCHARGES AFTER URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. TRY IT in these cases and you will ever give praise to

CONSTITUTION WATER.

Males or Females,

Are you troubled with that distressing pain in the small of the back and through your hips? CONSTITUTION WATER will relieve you like magic.

ONCE upon a time both a Saddler and a Blacksmith were required to work upon a Horse, but now the tools are done away with, and the Saddler is required no more.
